

## Meet Jubin Jimmy, the next super-talent from Kerala

by *Satanick Mukhuty* - 02/02/2020

He is quiet, demure, and barely fourteen, but the moves he makes on the chessboard are searing and way beyond his age. Jubin Jimmy from Kerala is undoubtedly the newest sensation in the country's junior chess circle. Already a strong fide master, he stunned no less than two Grandmasters and two International Masters in the Chennai GM Open recently and in the process earned his maiden IM-norm. Jubin gladly accepted to send us the annotations of his best games from the event and in today's article we look at them in detail and try to understand what makes this Malabar youngster such a promising talent.

*Jubin often avoids competing in just his age category and this is one of the reasons he is growing from strength to strength. He finished overall tenth in the Chennai GM Open and registered victories against seasoned Grandmasters like Kirill Stupak and Rodrigo Schroder | Photo: Niklesh Jain*
